are shown above, the lovely water-lily providing the white and green color scheme. White crepe paper and tissue paper, in the latter shade of green, with yellow tissue providing the stems, are the simple means by which the several pieces are worked out to simulate or suggest the flower. The pieces include a basket for the center of the table and in this a dish containing ferns or natural flowers may be placed, candle holders, flower cards and small containers for candles or nuts. Thin cardboard is used for the supports needed for any of these, wire for stems and a little red tissue or marigolds for fastening petals.

**CONCEALED WEAPON**  
**—CHARGE PREFERRED—**

T. Galtier, a Norman, was accused last night by JAMES D. BOLLE, Cochran, on a charge of carrying a concealed weapon. Galtier was taken into custody at the celebration of the independence of Mexico. He made no opposition to such the weapon, but if he were taken he had one in his possession and did not resist. A warrant was sworn out this morning against him in Judge's office.
